

The Connect4 Detached Street Work Team are looking for a Detached Street-Based Youth Worker to join the team

35hrs full-time, fixed-term contract

Locations: Killinarden & Jobstown

South Dublin County Partnership is a local development company in South Dublin County. We develop and deliver projects to tackle poverty and social exclusion across the county. We do this through working together with people, local groups, and partner organisations to address the issues that matter most. Tallaght Drugs and Alcohol Task Force (TDATF) is a project of SDCP, tasked with providing a more coordinated approach to addressing substance misuse issues in Tallaght and Whitechurch.

Detached youth work is a distinct form of youth work that engages the most at risk, marginalised young people, aged between 10-24yrs, on the streets rather than in a conventional youth work setting.

SDCP is seeking a **Youth Worker to join the Connect4 Street Work Team** in a busy and dynamic environment; to engage young people in the Killinarden and Jobstown areas of Tallaght that are effected/impacted by drug and alcohol use and related harm, in innovative, needs based, evidence informed programmes. Detached street work is a new and exciting area of work for TDATF and we are seeking individuals with a passion for supporting at risk young people and an understanding of the value of interagency work. A defining feature of detached street work is the voluntary participation of young people, with engagement taking place in spaces chosen by young people themselves rather than in centre-based settings.

The position requires: an individual that can work as part of a team to engage with young people on the streets, particularly those who are vulnerable and at-risk of drug and alcohol related harm. The roles include relationship building, networking, one to one work, group work, mentoring, referrals, non-formal education programmes, advocacy, and goal focused work. Other duties will include reporting on the various programmes and interventions, interagency work, best practice.

Target groups include:

- Young people not engaged in education, employment, or training.
- Young people socially isolated in their own community.
- Young people participating in risky anti-social behaviours.
- Young people significantly impacted by drug and alcohol use.
- Young people at risk of becoming involved in crime, including being recruited into the drugs trade.

JOB SUMMARY

The person will be required to work as part of the TDATF Team. The Detached Street Work initiative will be managed day to day by a team leader and overseen by the TDATF Coordinator & CEO of SDCP. The main focus is to work with young people age 10 – 24 yrs effected/impacted by drug and alcohol use and related harm in the Killinarden and Jobstown areas of Tallaght.

A key focus of the Detached Street Work Team is to reduce the risk of harm to the target group and actively promote alternative pathways. This role will compliment the existing youth services in the Killinarden and Jobstown communities. The team will work in line with the ethos that underpins SDCP and its principles/values as a professional community organisation.

Evening work and flexibility will be required.
